

Emergency Response Guide

If you are in a Premier Office or a region affected by an emergency, it is important for you to know what to do. This document provides initial response basics.

If you receive a *Preparis* message via text or email, **please respond as quickly as possible**.

When it is safe to do so, contact emergencyresponse@Premierinc.com, your manager and your location leadership to report the event.

EVACUATION

If you detect or discover smoke, or fire pull the closest fire alarm and dial 911.

When you hear a fire alarm:

- ☐ Immediately move to the nearest safe stairwell or exit.
- ☐ Do not return to your desk for anything: purse, keys, phone, laptop
- ☐ DO NOT USE ELEVATORS
- ☐ Remain calm. Move quickly, but carefully, and exit the building
- ☐ Proceed to your designated assembly area and remain there until instructed to move by authorized personnel

Other situations, such as a bomb threat or suspicious package, may require evacuation. If you receive instructions (*Preparis* alert, PA system or verbal instruction) to evacuate, follow the same procedures.

SEVERE WEATHER

If severe weather such as tornadoes, heavy rains, frequent lightning, or hail, impacts or is expected to impact your location, you should be prepared to quickly move to a safe space. When alerted (via *Preparis*, a PA system, or by verbal instruction) follow these steps:

- ☐ **DO NOT** leave the building!
- ☐ Move to your designated safe space  and follow instructions
- ☐ If you cannot safely and quickly reach your designated space, move to:
 - any sheltered area away from glass doors and windows
 - interior hallways on the lowest floor of the building
 - an interior conference room or restroom
 - under a desk or workstation so long as it is **NOT** near a window
- ☐ Remain in your sheltered location until you have instructions that it is safe to do so

In all situations, DO NOT SPEAK TO THE MEDIA. Media inquiries must be directed to official company representatives at Public_relations@premierinc.com

ACTIVE ASSAILANT

An Active Assailant is an individual actively engaged in killing or attempting to kill people in a confined and populated area; in most cases, active assailants use firearms(s) and there is no pattern or method to their selection of victims. These situations are unpredictable and evolve quickly. Be prepared to respond if a situation unfolds in your location.

RUN: If there is an accessible path, attempt to evacuate

- ☐ Plan your escape route in advance
- ☐ Leave all belongings behind
- ☐ DO NOT USE ELEVATORS
- ☐ Call 911 only when you are safely away from the situation

HIDE: Move to a designated safe space  or find a place to hide.

- ☐ Block entry to the area
- ☐ Silence communications devices and remain quiet
- ☐ Call 911 and remain on the line until the situation ends

FIGHT: As a last resort, attempt to disrupt or incapacitate the assailant

- ☐ Commit to your actions
- ☐ Use whatever you have at hand against the assailant

Follow instructions from authorized personnel and first responders when they arrive.

SUSPICIOUS PACKAGE

You may discover an unattended package or receive a suspicious package. Be alert for these characteristics: no return address, excessive postage, misspelled words, excessive tape/string, oily stains or discolorations, poorly written, incorrect titles. If you suspect the package is suspicious:

- ☐ Move away from the package and keep others away
- ☐ DO NOT USE your cell phone
- ☐ If you suspect any toxic/chemical exposure, do not touch your eyes or face until you have washed your hands.
- ☐ Contact leadership or 911 as appropriate

BOMB THREAT

If you receive a call, email, fax, or social media message with a threat of a bomb immediately call 911. If the threat is received by phone:

- ☐ Remain calm. Assume the threat is real and try to keep the caller on the line
- ☐ Try to signal a co-worker to alert to call 911
- ☐ Write down the number of the caller and ask descriptive questions (Where is the bomb? When will it explode? What will cause the bomb to explode?)
- ☐ Note background noises, caller's vocal characteristics/accents, and/or verbal cues
- ☐ Do not hang up, just set the receiver down
