

 PREMIER® POLICY	TITLE: Mobile Device Security and Information Management Policy	
	DATE CREATED: 09/03/2019	VERSION NUMBER: 2
	DATE OF LAST REVIEW: 11/10/2020	DEPARTMENT OWNER: Corporate Compliance

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

1. Purpose

To establish the requirements for the use of Personal Mobile Devices to access Premier information, data, resources and assets. These requirements reduce the risks to confidentiality and network security surrounding the ability to store and retain any Premier information on Personal Mobile Devices.

2. Scope

Applies to Premier, Inc. and all subsidiaries ("Premier") and Workforce Members with direct or indirect access to Premier's Information Security Management System, Premier Internal Information, Premier Restricted Information, or Premier Information Assets through a Personal Mobile Device.

3. Definitions

Information Security Management System (ISMS) – A set of policies and procedures for systematically managing an organization's restricted information. Premier's ISMS is designed to minimize risk and ensure business continuity by proactively limiting the impact of a security or privacy breach to Premier. Systems and/or computers, which include but are not limited to, laptops and network devices used to process Premier internal and restricted information.

Legal Hold (or Litigation Hold) – A notification sent from Premier's Legal department to Workforce Members with instructions not to delete electronically stored information or discard paper documents that may be relevant to a new or imminent legal case.

Personal Mobile Device – Devices that are not owned or managed by Premier's IT department and are used for any business purpose. Examples of Personal Mobile Devices include mobile phones and tablets with mobile operating systems, and tablets with PC-like operating systems that are NOT domain joined or managed by Premier.

Premier – Includes Premier, Inc., its subsidiaries, and any affiliated companies that are subject to any and all applicable internal policies and procedures, and state and federal regulations.

Premier Internal Information (Premier Information) – Consists of information and documents processed, stored or maintained by Premier that may be accessed, used and disclosed by Premier Workforce Members and authorized third parties to perform job related services or for general work-related information. Examples of Premier internal information includes, but is not limited to, organizational charts, policies and procedures, project Information and customer/member listings.

Premier Information Assets – A body of knowledge that is organized and managed as a single entity and anything that has value to Premier. It is an identifiable collection of information stored in any manner and recognized as having value for the purpose of enabling Premier to perform its business functions and operations.

Premier Information Systems – An interconnected set of information resources under the same direct management control that shares common functionality. A system normally includes hardware, software, information, data, applications, communications and people.

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

Premier's Mobile Device Management (MDM) – Software that is used by Premier to optimize the functionality and security of mobile devices by monitoring, managing and securing Workforce Members' laptops, smartphones, tablets and other devices that are being used in the workplace to conduct Premier business.

Premier Restricted Information (Premier Information) – Consists of information and documents that are sensitive or private, of high value to the Company, require tight controls over distribution, and are intended for use by a limited number of identified internal or external individuals (subject to a strict confidentiality agreement or other agreement) expressly authorized by the owner of the information or document. Restricted information must be controlled from creation to destruction and will be granted only to those authorized persons who require such access in order to perform their job, or those individuals permitted by law. Premier restricted information includes, but is not limited to, information that Premier is required to protect under regulatory or legal requirements, and/or information where any unauthorized disclosure or access may 1) subject Premier to legal risk, 2) adversely affect its reputation, 3) jeopardize its mission and/or 4) present liabilities to individuals (i.e., HIPAA penalties).

Workforce Member – All employees, contractors, consultants, temporaries as well as those representing themselves as being connected with Premier or any of its subsidiaries.

POLICY

1. You may use Personal Mobile Devices to access certain Premier resources if you allow Premier's IT department to configure your Personal Mobile Device and implement the appropriate security controls. To protect the integrity of Premier's Information and Information Systems such security controls may include, but are not limited to:
 - 1.1 Encryption.
 - 1.2 Password protection and remote wipe capability of Premier Information.
 - 1.3 Personal Mobile Device locked after periods of inactivity.
 - 1.4 E-mail routing limits.
 - 1.5 Software security patches.
 - 1.6 Personal Mobile Device locking or Premier Information deletion after invalid password entry.
 - 1.7 Deletion of Premier Information on or before last day of employment with Premier, if the Personal Mobile Device is reported as being lost or stolen, or if there is a plan to purchase or upgrade to a new Personal Mobile Device.
 - 1.8 Installation of Premier's Mobile Device Management Software (i.e., Intune) prior to conducting Premier business on the Personal Mobile Device. Instructions for enrolling a Personal Mobile Device can be found on InsidePremier.
 - 1.9 Securing the Personal Mobile Device with a password lock and screen timeout.

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

2. When it's necessary for you to use your Personal Mobile Device to conduct company business, and once you're appropriately authorized, you assume certain responsibilities and must:
 - 2.1 Not bypass, modify, disable or delete any of the security controls or Premier's Mobile Device Management Software.
 - 2.2 Comply with all Premier security/privacy policies, procedures and standards when accessing Premier-provided mobile applications and data.
 - 2.3 Abide by all federal and state laws concerning the use of Personal Mobile Devices while driving and strict prohibition against using messaging functionality including text messaging, calendar or email functions while operating a motor vehicle or engaging in other activities where the concurrent use of the device could result in harm to the user or others.
 - 2.4 Ensure timely payment of all fees, taxes and surcharges associated with the use of Personal Mobile Devices to connect to and access Premier-provided systems and information.
 - 2.5 Ensure that the Personal Mobile Device regularly connects to supporting telecom network services so that Premier can perform security functions outlined in this Policy.
 - 2.6 Not transfer or allow the transfer of Premier Internal Information or Premier Restricted Information from the approved Personal Mobile Device to any device not explicitly authorized by Premier to receive such Information including the use of unapproved cloud-based storage locations or synchronization of Premier Information between participating devices and other personal computing devices.
 - 2.7 Lock any access to Premier Information whenever the Personal Mobile Device is not in use.
 - 2.8 Connect your Personal Mobile Device to guest networks or internet-only networks at Premier locations.
 - 2.9 Not directly connect to corporate internal networks.
 - 2.10 Limit the usage of public Wi-Fi networks as these pose an increased risk of exposure especially when working with Premier Internal Information and/or Premier Restricted Information.
 - 2.11 Only install applications from legitimate sources (i.e., Apple App Store or Google Play Store).
 - 2.12 Not backup or synchronize device content such as media files to corporate workstations unless such content is required for legitimate business purposes.
 - 2.13 Cooperate with the Legal department to comply with legal holds and to satisfy legitimate discovery requests arising out of administrative, civil or criminal proceedings.
3. You must adhere to the following to reduce the risk of Premier Information being exposed inappropriately:
 - 3.1 Do not store Premier Internal Information or Premier Restricted Information other than that contained in, or attached to, Premier business-related e-mails except for e-mail or e-mail attachments, calendar entries, contact cards and information in Premier-approved applications accessed in accordance with this Policy. See the *Information Classification and Retention Policy* for more information.
 - 3.2 Do not copy Premier Information onto the Personal Mobile Device from a non-personal device such as a laptop or server.
 - 3.3 Limit storage of Premier Information on your Personal Mobile Device to the minimum necessary to perform job responsibilities and delete Premier Information once it is no longer needed for business purposes.
 - 3.4 Record only limited still or video images in support of Premier business operations if the privacy of others is appropriately respected. Unless specifically authorized to do so by Premier management, Workforce Members may not record images capturing nonpublic data or secure areas within Premier facilities such as sensitive processing areas, data centers, and facility security mechanisms and related systems.
 - 3.5 Immediately transfer all still or video images recorded in support of Premier business operations to the Workforce Member's computer and remove the images from the Personal Mobile Device.

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

4. You must send all Premier-related e-mails only through your Premier e-mail account using Microsoft Outlook, the Premier's standard email client. It is **expressly prohibited** to send Premier messages from or through personal or other external e-mail accounts (e.g., Yahoo, Gmail, etc.) or use an unauthorized email client without the prior approval of the Information Security and Corporate Compliance departments.
 - 4.1 If you use your Personal Mobile Device to access certain Premier resources you acknowledge and consent to Premier's right to monitor or inspect Premier Information, applications and data.
 - 4.2 You should have no expectation that any Premier Information created, transmitted, recorded, stored or posted with a Personal Mobile Device is or will remain private. Rather, all such Premier Information is owned and controlled by Premier and is always accessible by Premier for monitoring, maintenance, upgrades and other business purposes.
5. Premier reserves the right to prevent access to Premier Information and resources by any device posing a risk. Relevant considerations for your use of a Personal Mobile Device for Premier business include, but are not limited to:
 - 5.1 Sensitivity of Premier Information accessible by you through a Personal Mobile Device connection.
 - 5.2 Legislation or regulations prohibiting or limiting the use of a Personal Mobile Device for Premier business.
 - 5.3 Your adherence to the terms of this Policy and the *Acceptable Use Policy*.
 - 5.4 Other business considerations deemed appropriate and relevant by Premier management.
6. Premier reserves the right, without prior notice to you, to disable or disconnect some or all functionality related to connection of your approved Personal Mobile Device to Premier Information Systems.
7. If your Personal Mobile Device is lost or stolen, you must report the loss as soon as possible to Premier's IT Service Desk (704.816.4357) before terminating service with your carrier. Many Personal Mobile Devices cannot be wiped remotely after the carrier service is dropped.
 - 7.1 When a Personal Mobile Device is reported lost or stolen and you cannot confirm that your Personal Mobile Device was locked (i.e., password protected) at the time of loss, your account will be reviewed to assess the risk of compromise to any Premier Information. Any requests to extend the maximum timeout period requires the approval of the Corporate Compliance department.
 - 7.2 You must allow Premier to have the ability to remotely wipe Premier Internal and/or Restricted Information from the Personal Mobile Device in case of loss or theft, separation from Premier, or other circumstances that may put Premier's or a client's information or business interests at risk.
 - 7.3 Premier will make all reasonable efforts to contact you as a current or former Workforce Member before a remote wipe is performed. If you do not contact the IT department, your lost, stolen or former Personal Mobile Device is subject to remote wipe of Premier Information and data without notice.
8. You are solely responsible for obtaining, maintaining and paying for all technical support services from your mobile communications provider or device manufacturer including, but not limited to, repairing all personal hardware, software, applications, service plans, data plans, warranties, insurance, maintenance plans and other expenses.
9. Premier offers the following limited support for the approved Personal Mobile Device:
 - 9.1 Connectivity to approved Premier information services such as email and calendar functions.
 - 9.2 Security services including policy management, password management and remote wiping in case of loss, theft, device failure, device upgrade or change of ownership.

Printed copies are for reference only. Please refer to the electronic copy for the latest version.

Ownership

10. Premier owns all applications and Premier Information obtained and installed by Premier or you on behalf of Premier.
11. You own the Personal Mobile Device, telephone number, and other applications, information and data obtained and installed by you.

Reimbursement

12. You will be reimbursed by Premier for expenses associated **only** with the use or connection of an approved Personal Mobile Device as outlined in the *Expense Reimbursement Policy and Guidelines*.

Emergency Notifications

13. In emergency situations, or when mass communications are required, you may receive text messages from Premier to your Personal Mobile Device. This process is critical to the safety and security of the workforce. Everyone is urged to participate. As such, you must ensure your Personal Mobile Device number is accurate in your personnel profile and classified as such.

Enforcement

14. Failure to comply with this Policy may, at the full discretion of Premier, result in the suspension of any or all technology use and connectivity privileges, disciplinary action and possible termination of employment in accordance with the *Security and Privacy Violations and Sanctions Policy and Procedure*.
